Re: Transfer for Small Mining Operations, Cream Time Claim (S/039/003) Sanpete County, Young Browns Canyon Quarry (S/043/019) Summit County, Jon Young Heber Quarry (S/051/003) Wasatch County, and Torry Buff (S/055/012) Wayne County, Utah

Dear Mr. Young:

On June 17, 1999 we received your telephone call informing us that you were changing to a corporation and did you need to do anything with your permits - you were still going to be the president of the corporation. You said the other partners would be Robert Hicken and Paul Trunnell. You were advised that you would have to transfer the projects to the new corporation. You were going to get back with us.

On August 2, 1999 we received the annual permit fees for the four quarries listed above, requesting a change of address to Robert John Hicken of Heber, Utah. We are unable to change the name from this request. You will need to complete the enclosed transfer forms as the current operator and have the new operator sign and have notarized the forms, to assume all responsibility of the sites. Please return the completed forms to us and we will forward to our director for approval. Any disturbance at the sites will still be your responsibility until the permit transfer have been completed and approved.

Thank you for your help in finalizing these permit transfers. If you have any questions concerning this letter, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
